## If You Would Buy Where You Can Get the Most for Your Money Just Take a Squint at One of These

Then after the first casual look if you really become interested go into detail. Examine the value of any one of these three lots carefully. See what you can buy elsewhere. Look at the other fellow's values and then compare what is here offered and if you can do any better anywhere else we are not going to be foolish enough to suppose that you are going to buy any one or all of these because we ask you to do so, for we have not yet reached the point where we are not willing to respect the intelligence of the discriminating buying public, and we also know that if you can do better elsewhere that you will not purchase from us, but we also know that you will find these prices and values interesting if you really mean to buy a lot and build you a home, and furthermore if you pay for the lots you can get the money with which to build a house.

### FIRST

Lot thirty foot front. Ninety-five on the Shirt Line, and one hundred and twenty feet on the Long Line.  
PRICE \$1,100

### SECOND

Lot thirty foot front, one hundred and twenty feet on the short line and one hundred and forty-five on the long line.  
PRICE \$800.

### THIRD

Lot thirty foot front. One hundred and forty-five feet on the short line and one hundred and fifty feet on the long line, and the price is \$300.00.

All of this property is adjoining lots with a frontage of ninety feet, and if you take all three lots you can have all three of them for two thousand dollars, and while we would like to have all cash this is not absolutely necessary. And remember this: these lots are close in, 3 minutes from center of business section, and we will sell all or any part of these lots for one-third cash and the balance in one, two and three years with interest on the deferred payments at the rate of six per cent, and if you elect to have us negotiate a loan for you to get the money with which to build a house, all we expect will be a lien on the house and lot at straight six per cent on the amount you have to borrow. There is plenty of money looking for good real estate first mortgages on good long time, or if you may elect to do so you can pay it off on or before the time limit.
